Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☐ Responsive to communication(s) filed on ____.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 13, 14, 19, 21, 22, 26-29, 33 and 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Bellhouse et al U.S. Pat. No. 6,010,478.

Bellhouse discloses a first (8) and second member (9), wherein said first and second members are coupled together to provide a closed pocket within the members (fig. 1), and one (9) of said first and second members is movable relative to the other member when an external portion of said capsule is contacted with a pressurized fluid flow (fig. 1), said first and second members being constructed and arranged such that upon said relative movement a passage is formed through said capsule (col. 7) and said pocket is opened to expose the dose of particles for entrainment in fluid flowing through said passage (fig. 1); as to claim 13, (fig. 1); as to claims 14, 19, 21, 22, 26-29, 33 and 34 (see above rejections and fig. 1).

Allowable Subject Matter

Claims 2-5, 8, 30, 31 and 32 are allowable over the prior art of record.

Response to Arguments

Applicant's arguments filed 8/23/05 have been fully considered but they are not persuasive.

As to claims 1, 14, 22 and 26, clearly the second member (9) and first member (8) form a closed pocket as recited in the aforementioned independent claims. Furthermore, it is clear that when an external portion of the capsule is contacted with a pressurized fluid flow, the members are constructed and arranged that upon relative movement a passage is formed through said capsule and the pocket is opened (col. 7).

In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., Figs. 16 and 17) are not recited in the rejected claim(s). Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

Conclusion

This is a RCE of applicant's earlier Application No. 09/462,218. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
